

The Envista App: Download and First Login

Already simple. This makes it effortless.

Download the App

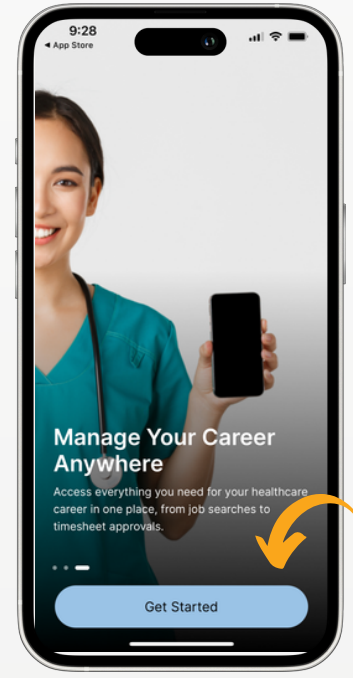

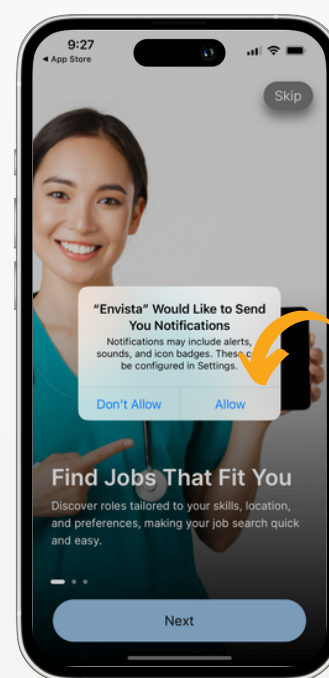

- Open the App Store or the Google Play Store.
- Search “Envista Resources.”
- Tap Download.

Download links are included in the email below.

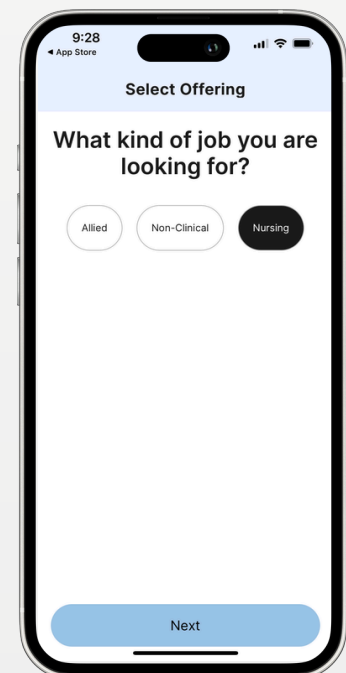

Get Started

- Open the App.
- The App will Ask to Send Notifications - Click **Allow**.
 - The type and amount of Notifications can be configured once you're logged in.
- Tap **Next** to be taken through features of the app.
- On the final page click **Get Started**.

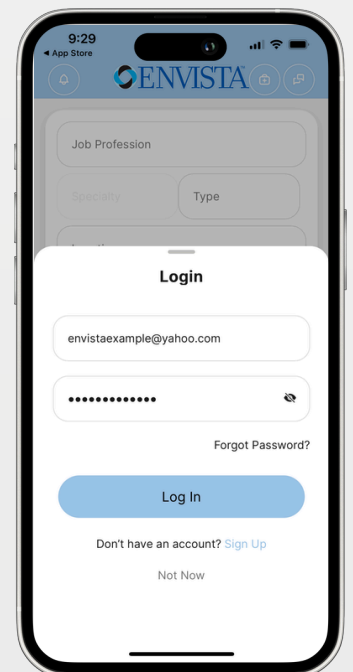

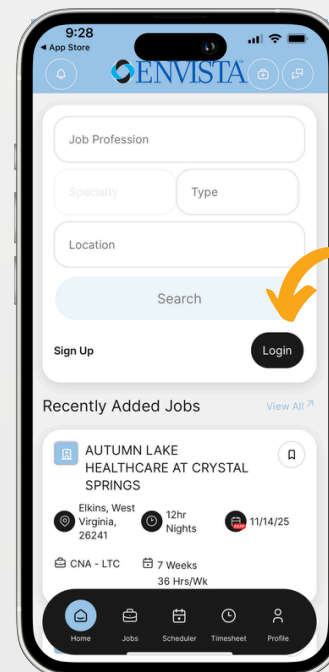

First-Time Setup

- Choose your job type (Allied / Non-Clinical / Nursing).
- Tap **Next**.
- **Tip:** You'll only be asked this question the very first time you open the app.

Log In

- Tap Login from the home screen.
- **Tip: No need to create a new login/password** - the same username and password you used on the Web version will access the App!
- Enter your email and your password on the slide out screen.
- Tap Log In.
- **Tip:** When asked about Face/Fingerprint login, choose **Yes** if you want to use the easiest and fastest login - no password required!

You're In: It's as easy as that!

You can now:

- Pick up shifts
- View your schedule
- Enter your time
